STREET KID

Comic Book 2

Street Kid was a short-lived comic series, written and drawn by me in 1994. At that time I was 15, only a couple of years after migrating from the Caribbean to the US. It was my first comic after a pause of about 2 years. And, this comic truly reflects my biases, fantasies, fears and interests of the time. I was then a fist year highschool student, and lived with my family in a modest neighborhood in South Florida. And, many changes were occurring all around me, very fast. Enjoy.
